DR. FRASE'S MAGNETIC CONTMENT.

A MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bottles of the Magnetic Continent, had his hair entirely restored, and now has as beautifula head of hair as any man could wish. His age is about no years.

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emacinted almost to a skeleton. By the use of a few bottles of the Ointment he was therough general, and for seven months past has enjoyed robust health.

This was an extreme case of inflammation of the spleen, of long standing has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. Have treated two cases of Chronic Sore Eless with the Ointment, both of the patients so nearly bland, as to need an attendant to lead them from place to place. One of them had been afflicted 15 years, the other about 9 years. They had tried the best physicians in the State, without benefit and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnat, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to reed and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent care. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever offered to the public. Respectfully Yours.

BURTON HUBBELLA, M. D.

Dated Jan 27, 1850, Amelia, Ohio.

The character of this Ointment, as an efficient remedy, is established in this city. There are quite a number of individuals who ascribe their restoration to health to the use of this extraordinary Ointment.

FOR THE COMPRETE CORE OF Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to THE GREAT COUGH REMEDY!

DEADER! have you a Cough, which you are neglecting R under the idea that it is only a common cold, that it will soon "wear itself out?" Let a friend tell you, in all kind will soon "wear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you
will begin to feel a sense of tightness and oppression across
the chest, accompanied with frequent sharp darting pains.
Then a dry, lacking Cough will set in, and when you raise
anything it will be a thick and vellowish, or white frothy
matter, streaked, pechaps, with blood. If you still take no
nedicine, these unpleasant symptams will increase, and you
will soon have Hectic Fever, Cold Chills, Night Sweats, Copineglect yourself, a few weeks or months will see you consign ed to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away.—Friend! have you no cause to be diarmed? In the above sketch you may see as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fafal termination. Of all the Thousands and Millions whom this great Destroyer has gathered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itself," it transferred its deadly aution to the substance of the Lungs, exciting there the formation of inhercies. Another, and another cold, added fael to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At

his crisis, the disease is very difficult of cure, and oftentime sets at defiance sll human means.

To the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comfortable, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consulotion is as curable as any other disease, and 'Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua,' if taken at this time, will cure it [2] AS SURELY AS IT IS TAKEN! [2] This is strong language, but "e can refer you to numberless living witnesses to prove that it is TRUE And therefore, we carnestly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "let it alone" to work muschief in your system, but cradicate it thoroughly, at once, by this power, fully healing compound and leave your Lungs uninjured, to carry you is full vigor to a good old age!

MOTHERS!

Have you delicate, weakly children, who are always taking cold, and subject to Croup? Remember! There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheezing and coughing, you know not that, before morning, Croup may not set in, and ere you can got a Physician, your dear child may be beyond the reach of belp. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the caugh coughing, give it to them at once, and rest not until the caugh is entirely subdued.
